## Peels and LED

---

Chemical peels are an accelerated form of exfoliation induced by a chemical agent. Peels encourage changes in your skin that help improve tone and texture. For the best results, chemical peels are recommended in a series of three treatments with two weeks between each session.

Pomegranate Peel (45 minutes)	\$200		
Timeless Peel (45 minutes)	\$250		
Oxygen Treatment (30 minutes)	\$80		
Individual LED Therapy (30 minutes)	\$80	3 x LED - \$216	6 x LED - \$384
LED add onto treatment	\$55		

---

# Re.Mediskin

## Mediskin Clinical

---

### Skin Pen

Skinpen causes controlled micro-injuries that stimulate your body's natural wound healing process, while minimising cellular damage. The result is effective remodeling of scar tissue, and increased collagen production. While keeping the overall structure of the skin intact.

1 hour session	\$400
4 sessions	\$1200

---

### Re.Dermasweep

Microdermabrasion is designed to rejuvenate the skin by removing dead and dry surface skin. It increases cell turnover, leaving your skin fresh, smooth and radiant. Recommended for all skin types.

1 hour session	\$245
30 minute session (Add on to treatment)	\$100

---

### Epidermal Levelling

A levelling tool is used to refresh the Epidermis and remove unwanted fine hairs. Renewing the skin for a fresh glow. We recommend accompanying with LED photo rejuvenation for a completed treatment.

30 minute session	\$130
-------------------	-------

---

### Intense Pulsed Light (IPL)

Intense Pulsed Light (IPL) describes the use of intense pulses of non-coherent light that enables the effective treatment of a broad spectrum of conditions, including vascular and pigmented lesions and skin photo-aging.

Spot Treatment	\$80
Full Face	\$360

---

### Laser Resurfacing (ResurFX)

This treatment involves resurfacing the skin to stimulate the production and the rebuilding of collagen, a protein that helps skin retain its firm and youthful appearance. ResurFX laser can target wrinkles, acne, scarring, pigmentation, tone, texture and other superficial signs of ageing.

Full Face	\$700
Four Sessions	\$2250

---

### Surgical Scar Revision

Surgical scars and other areas will be quoted during your consultation to provide a bespoke treatment plan inclusive of Light Emitting Diode Therapy (LED).
